1965 ORIOLE

EVANDER CHILDS
HIGH SCHOOL
800 EAST GUN HILL ROAD
THE BRONX 67, NEW YORK

MR. BERNARD WEISS, Principal

DEDICATION

Woe to the age that has lost its leader; woe to the boat that has lost its oarsman. (Babylonian Talmud)

Feeling as they do that we are inspired most by our own goals and aspirations, the staff of the 1965 ORIOLE dedicate this yearbook to that most vital of Man's aspirations,

LEADERSHIP

OUR RINGMASTER

A circus conjures up visions of gayly colored tents, barkers, cotton candy and pink lemonade, wild animals and, above all, constant movement. Evander, too, is full of motion—boys and girls swarming through the halls, teachers hurrying to classrooms with books and supplies, cafeteria workers scurrying about to feed five hungry hordes each day.

But there the similarity ends, for while a circus is to entertain, a school is to teach. I hope you feel that you have been well taught. I know that your teachers have striven to give you their best—not only of knowledge, but also of love. Yes, it may be hard for you to believe in the throes of lessons, homework, and tests, but we are very fond of you and proud of the mark you have left on Evander.

And so, as you read through this bubbling issue of the "Oriole" now and in the years to come, I hope that you will see the realities that underly the gentle spoofing. Something real happened to you here, and your life will be richer because of it. And as time goes on, may you be able to mingle the laughter of these pages with the tears that life must bring, in the knowledge that you did your best to learn how to help yourself and your fellow man.

Good luck to you all!

Your principal,

Bernard Weise

Big city traffic problems may prevent your ever seeing a real live circus parade and being captivated by the stirring music of the calliope and the gay trappings of the marchers. There will, however, be many band-wagons in your lives tempting you to climb aboard or follow them. Will you be discriminating enough or courageous enough not to follow the crowd? Let us hope that somewhere in your work in Evander, you have learned to think for yourselves, to stand on your own two feet. Be your own man in a world where the means of swaying the public are much less obvious and much more inviting than the band-wagon of the circus parade!

CHESTER H. STRATTON

As you leave Evander, I am sure that many of you have feelings of apprehension regarding your futures. Pay them no attention! They are natural at graduation time. I trust that the plans you have made for yourselves will all come true and that, as the year goes by, you will recall with fond memories your days spent at Evander.

Congratulations and good luck!

MAURICE J. MARSHALL

How the grand band-wagon shone
With a splendor all its own
And glittered with a glory that our
Dreams had never known!

James Whitcomb Riley
The Circus Day Parade

The adventure that began a few years ago is ending. How quickly and profitably the time has passed. Now, as young men and woman, you graduate to adult life, the greatest adventure of all. As you go your separate ways, we trust that you will remember those who have helped prepare you for your respective journeys. Together we have worked hard, learned much and we shall miss you.

Sincerely,
DOROTHEA L. LOMBARDO

BARKERS

Dear Senior Class of June, 1965
On Stage!

A new and wonderful circus is about to begin for you. You have successfully completed your part as a tyro; now you are ready for your featured spots and star billing.

Good luck to you in your new career.

Off Stage—bravo!
SALLY M. FRANK

USHERS

Our circus within a circus is Project Able. State-sponsored, the new act consists of two parts; a control group at Roosevelt and an experimental group at Evander.

Originally this group had a small audience with Mrs. Seldon as group leader and Mrs. Zito and Mrs. Scriven as her co-workers. As the act enlarged, the audience became more active and more populous. A year later, Project Able gained Miss Keogh, who has since retired from the act, and Mr. Schonberg; and in the eleventh year we added the services of Mrs. Leskes to give us a grand total of five full-time counselors. Unlike other counselors, they have no classes to teach and can devote all their time to the guidance of the Class of '65'.

This program was originally initiated with the express purpose of helping each student achieve as much as he possibly could. In order to accomplish this, strong ties had to be established between the students and guidance counselors. These ends were achieved by putting our counselors to work on a full-time basis, thus allowing more time for the individual student. To aid the probability of significant results, the Project Able people employ the services of the various departments of the school, the College Office, the programmers of our auditorium periods and many of our administrators. Aiding from the sidelines are a child psychologist and a social worker from the B.C.G.

In addition to conventional guidance, Project Able has sponsored various trips to the colleges, theaters, museums, and other places of interest. They have held career conferences for those who will not go on to college, and have helped more of us to decide what to do with our future.

WALKERS

EVANDER CHILDS HIGH SCHOOL ...A THREE RING CIRCUS

Complete with lions, tigers, trained seals, clowns, acrobats, and daring animal trainers, it is easily the greatest show on earth. We at Evander have been proving that you needn't be born into the circus for its excitement to mingle with your blood. Why, it only took us four years to become veteran troupers!

Under the colorful Big Top, characters have been molded and personalities developed. The fool has learned to be as wise as the soothsayer, and tiny kittens have overnight matured into muscular tigers.

We, the graduates of 1965, will fondly recall our swift passage from the Grand March to the Center Ring of the Big Top. Now, as we enter the circus of life, we hope to bring with us all of the fun, imagination, and enthusiasm which characterized our four years here at Evander.

The Grand March

See the tigers come! See the clowns and bareback riders! See the trapeze artists! How young they all are! Yes, two hundred and twenty-five little Evander tigers have come to town, and their Freshmen antics greatly amuse the growling upperclassmen. Those were the days when the Big Top seemed so-o big, and those four minutes between acts seemed so-o short, and the lunch lines during feeding time so-o long.

It wasn't long, though, before we found our way around. With the help of the animal trainers in Project Able, we began our first performance. One of the Ringmaster's assistants, Dr. John Brophy, retired, and Mr. Kenneth Aran took his place. Our student trainers, led by G.O. President Steve Young, got right into the act by presenting us with a new Constitution to ratify. Meanwhile, we elected Barbara Lipresti as our own announcer.

The master of our trained seals, swimming coach William Gay, retired after 19 years in that position, and was temporarily replaced by Mr. Bob Wilson of the same department. Other changes were made, with Mr. Sy Kalman becoming the new drillmaster of our orange and black hoopsters. A new sideshow had also been added. Evander made its fall trip to the Shakespearean Festival in Stratford, Connecticut. We also enlarged our playbill, the *Evander News*, to six pages.

In the Spring, the Seniors treated us to a showing of "The Man Who Came to Dinner," the History Honor Society took the show on the road to Washington, and we elected a new student trainer, Harold Francis, as G.O. President, and our own Hansel Tookes as Sophomore Representative. Best of all, about two thousand tigers boarded the *Peter Stuyvesant* for the fun and excitement to be had at Rye Beach Playland. Behind us was a year of firsts, first finals, first Christmas toy drive, first elections, and after a short two-month intermission, more of the same to come.

The First Ring

No longer were we the "littlest tigers". Now the hapless newcomers bore the brunt of all the Freshman jokes. That wasn't the only difference, though; many junior high graduates had joined our rands. We second-year tigers now marched over a thousand strong.

Once again, our shapeless blue gym suits and faded trunks were taken out of storage as our relentless athletic trainers began putting us through our paces. Mr. Bob Nolan became the official aquacoach, with swimming and basketball now gaining top billing on the sports scene.

Two of our beloved trainers passed away during the year, Mr. Harry Raskin, the circus music master, and Mrs. Florence Rudow, famed acrobat trainer.

The circus went international that year with the autumn visit of two foreign students, Dieter Noack of Germany, and Fraya Valenzuela of Chile. They soon became accustomed to the bustling menagerie of life beneath the Big Top.

Some of the high points of the year's program were the founding of a G.O. paperback bookstore to be opened only during feeding time, the presentation of "The Boyfriend" as the Varsity Play and a special sideshow, "Golden Jubilee," written by two of our own literary trainers, Mrs. Geraldine Garret and Mr. Richard Sodikow, in honor of Evander's fiftieth anniversary.

In every circus, spring is a time of preparation and of fulfillment, and so it was under the Evander Big Top. The Spring Festival once again demonstrated the vocal, instrumental, and terpsichorean abilities of us tigers. The History Honor Society, headed by Mr. Harvey Goldenberg, took to travelling again, this time northward to Quebec. This year, our own version of Noah's Ark, the *Alexander Hamilton*, took us up the Hudson to Bear Mountain State Park. With the election of Rodney Gillead as chief announcer and Barbara Lipresti as Junior Representative, and the passing of our first set of Regents examinations, we set our sights on becoming upperclassmen, full-fledged members of the Big Top.

The Second Ring

Well, we finally made it! Never before had Freshmen seemed so young, nor Seniors so tame, either. We tigers were in for many changes. Dr. Hymen Alpern, Evander's beloved Ringmaster of thirty years, retired to be succeeded by Mr. Bernard Weiss, a Ringleader whose popularity reached dizzying heights when he played jazz trumpet at the tiger's social events.

This year was tinged with sadness, too, with the passing away of Mrs. Eleanor Egan, a familiar chief advisor under the Big Top, and the shocking death of President John Fitzgerald Kennedy, a man much loved under the Big Top and far beyond.

For many, the battery of testing had just begun. Early scholars were diligently drilled for the Regents Scholarship Examination under the supervision of Mr. Mario Raimo. Meanwhile, we took our Preliminary Scholastic Aptitude Test, and later in the year the NMSQT and the SATs.

In the spring, we were treated to a stupendous Big Top production of "Once Upon a Mattress". And how proud we tigers were as we strutted down the center aisle of the arena and joined the ranks of Arista! This was also the term in which Mr. Raymond Crapo took over as advisor to our student trainers in the G.O.

Unbelievable as it seemed three years ago, we were actually about to become seniors, veterans of circus life at Evander. For the first time, most of the newly-elected student trainers were really familiar: Granville Stevens, G.O. President, Hansel Tookes, G.O. Vice President, George Anderson, City Representative, Judy Hoffman, Bronx Representative, Neal Serotte, Senior Representative, and Emily Prisco, Junior Representative. But best of all, now we were to have our very own Senior Council consisting of President Kermit Allen, Vice President Jose Da Costa, Secretary Linda Dobkin, Co-treasurers Amy Klein and Lynn Weiss, and Class Historian Barbara Lipresti.

The *Leaguesmen*, an all-Evander musical group.

We tigers were also about to make our mark in literary circles with David Davidson and Rochelle Dworetzky as co-chief editors of the *Bridge*, Michelle Nibur as leader of the *Oriole*, and Helen Levy in charge of our playbill, the *Evander News*.

After passing the hardest Regents examinations ever given, putting in our orders for senior jewelry, and sailing once again up Long Island Sound to Rye Beach, we battle-scarred tigers settled down until the arrival of that momentous day when, at last, we would be the center of attraction.

The Center Ring

This year the circus was more festive than ever, with preparations being made for a stupendous finale to our greatest show on earth.

Mrs. Dorothea Lombardo and Mr. Maurice Marshall were, early in the year, appointed new assistants to the Ringmaster. Cash registers at the box office jingled briskly as the money poured in for senior dues, pictures, jewelry, and the yearbook. Senior hats were proudly chosen, adorned and modeled. All at once, everything seemed red and black, especially on those glorious "A" assembly days.

Even though we were seniors, we tigers still had some problems. The slavedrivers in Albany insisted upon administering those heinous Regents which had to be passed if the final curtain were to fall. And wasn't that the time when "senioritis" struck, the disease which deadened your ability-to-work center.

Varsity Show—1965

But all wasn't dismal here under the Big Top. The Regents Scholarship Examination and Scholastic Aptitude Test were finally dispensed with, and by now, all of our tigers know just where they'd be headed when the circus closed, thanks to Mr. Theodore Josephs, college advisor, and Mr. Joseph Levy, employment counselor.

This year we Evander tigers chose our Queen of the Circus and entertained former tigers at our Thanksgiving Eve Alumni Homecoming. We set a precedent by having a marvelous two-day Senior Trip and proved our athletic prowess with two championships, one in soccer and one in swimming.

The spring semester was, of course, a magical time under the Big Top, as we celebrated many of our lasts, our last assembly, our last varsity show, "Dirty Work at the Crossroads" (naturally the best because it was ours), our last school dance, and our last boatripe, again up to Rye Beach. What we old tigers will best remember, though, will be Senior Day, when the menagerie somehow looked completely different, the Senior Prom, that enchanted evening away from the circus, and, of course, Graduation Day, when the sheltering Evander Big Top closed, and the circus of life opened anew for each and every graduating tiger.

Yes, although the Big Top has closed, it will live on in the memories of its former denizens as the greatest show on earth where the word "maturity" became a living reality.

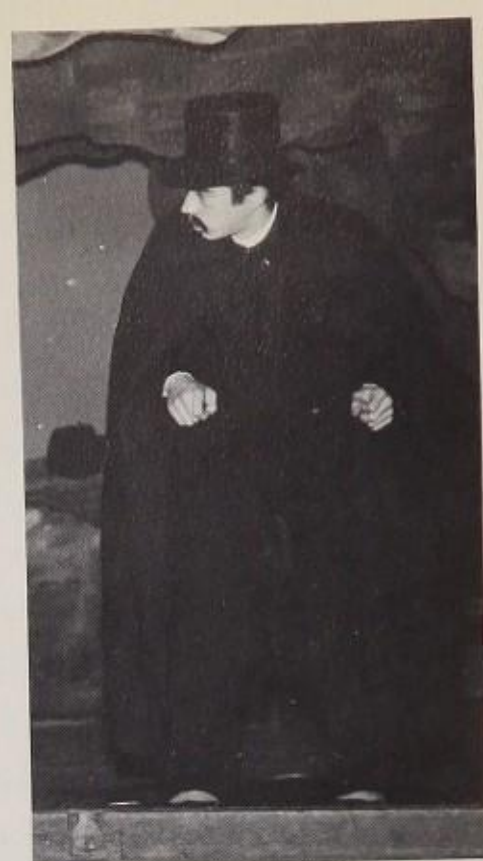

Barbara Lipresti
Class Historian

Home Fashion Show

Behind the Scenes

Under Evander's big top there were many attractions. The best of these was the year's Varsity Show, *Dirty Work at the Crossroads*, by Bill Johnson. It was directed by Mrs. Ellen Van Den Houten, and a great cast of Evander students including Luba Ash, Claire Brezell, Helene Chwatt, Priscilla Cranston and Karen Rux.

The play was set in the "Gay Nineties". There was a variety of vaudeville acts, which were performed by a number of talented Evanderites and some of our trainers.

Dirty Work at the Crossroad, a melodramatic farce, had theme music for the important characters. We were thrilled by the great train crash, amazed at the villain's treachery, saddened by the hero's downfall, and gladdened by the heroine's escape.

Behind the scenes of this great side-show, we had the faculty advisers and the Dramatics Honor Society to direct and supervise the show. Among the former were Mr. Charles Menzer, Assistant Director, Mr. David Smukler, Set Designer, Mr. Karl Buckhard, Set Construction, and Mrs. Hortense Kassoy, Costume Advisor.

THE G.O. COUNCIL

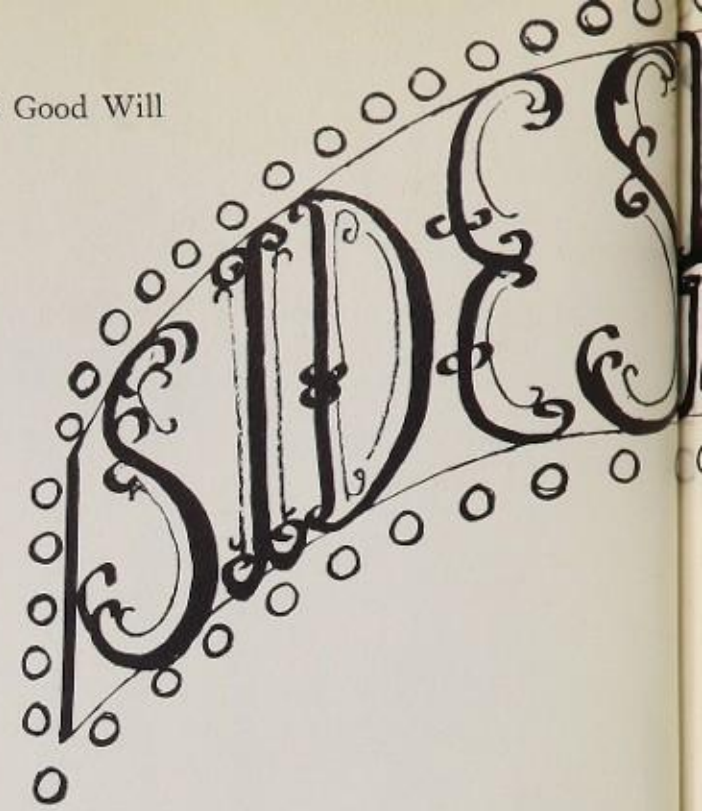

OUR COUNCILS

THE SENIOR COUNCIL

Our promoters of Good Will

The Biology club

Each term the Big Top swells with new ambition, and the side shows come alive again with new blood. Evander has side shows, in the form of clubs, to suit practically every taste. "Hurry, hurry, join our cultural clubs, science clubs, language clubs, and athletic clubs." We hear the barkers' shouts coming from all directions. "We want you, to join our club," or "Last chance to join our club—doors close in 5 days!"

Evander's clubs offer enrichment of the mind as well as of the body. The Newman Club is the Catholic cultural club of Evander. It has the threefold purpose of spiritual, intellectual, and social enrichment. The Book Explorers Club

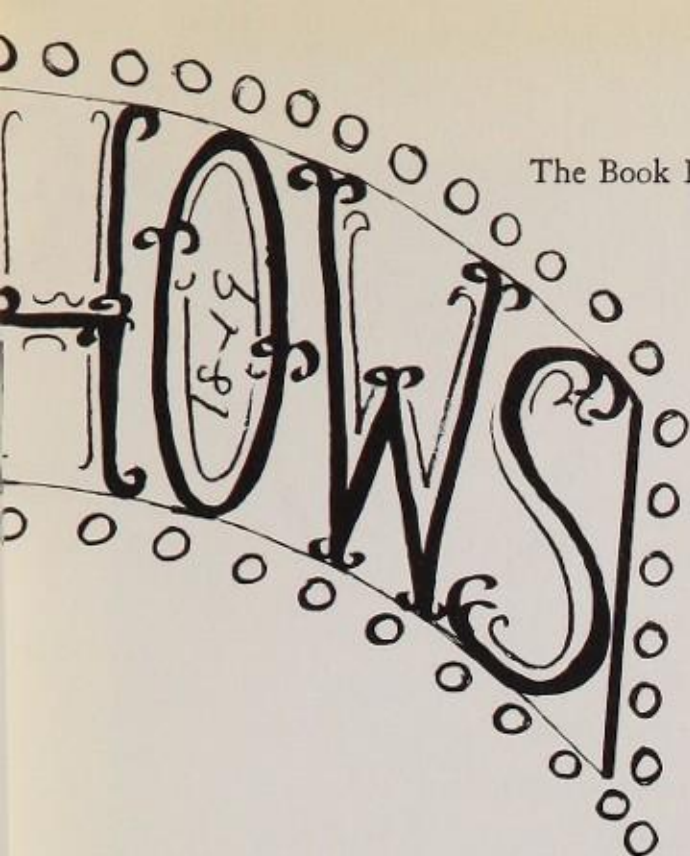

The Newman club

The Radio club

The Coin club

The Book Explorers club

discuss every phase of literature from Genesis to Honsberry. When it comes to literature, the B.E.C. leaves nothing untouched.

We find that one of our side shows is slightly harder to gain admittance to than the others. In this corner we find the History Honor Society. It is open to those who have attained high marks in the field of history and are willing to give up some of their free time to discuss and, hopefully, to relate events of the past and present.

Many of our side shows are interested in a better understanding of other countries and the furtherance of brotherhood. One of those clubs is the Human Relations Club. Their aim is simply to help those in need. The language clubs in Evander have the purpose of increasing the knowledge of a particular language and the culture of that country. These clubs are the French Club, the Spanish Club, and the Italian Club. Along with these cultural clubs ranks a club which has the same major purpose as the others, but adds to it the fitness of the body. This is the Folk Dance Club.

The Biology Research Club, the Biology Club, and the Science Hobbies Club share the common goal of the betterment of mankind through science. These clubs work on various projects throughout the year, and each member is required to submit a project to the Science Fair. Also in the field of sciences, Evander offers a Radio Club for the "ham" enthusiasts. The members of the club receive and transmit messages all over the country.

A circus must train leaders and Evander's Big Top is no different. The Leaders' Club is part of Evander's Honor School because its members have satisfied the high scholastic, as well as athletic, qualifications. The club, which is programmed into its members' regular school day, requires an alert mind, and a fit body as well as leadership qualities of its members. Within this club there functions a Major "E" Club, which includes the more advanced girls who have taken special skill tests and have met other required standards.

A special attraction in our side shows, is the group of artists we find in our Modern Dance Club. There is a beginners' as well as an advanced group in this club. These girls maintain a strict rhythm and work hard for perfection. This perfection is very often exhibited in Evander's Spring Festival.

Our Big Top is one of the few that comes equipped with mermaids. However, we find that we have a group of people that spend a great deal of time in the pool working on a Swim and Stay Fit Program. This group is known as our Swimming Club and is doing distance swimming.

Of course, no circus is complete without its clowns, and Evander's Volleyball Club often serves them. We find, in the gym, one afternoon a week, a group of girls who supposedly try their best to be acrobats. However, even this doesn't mean that clowns don't have to do some serious work in order to keep fit in mind and in body.

The Math club

OUR STARS

SENIOR ARISTA

The "prestige act" of our school is the Senior Arista. Coordinated by our own Johnny Slate, Mr. Raimo, this show gets on the road every year by giving service to the Program Committee, making rounds with refreshments at teas, and helping at various other functions. Senior Arista also collects money for funds, drives, and charities. In general, they give their time and effort wherever and whenever it is needed in the circus.

The qualifications for membership in this elite group, are service (at least one point per term), citizenship (an 85% average), and a scholastic average of 85% or better.

This year, Arista is launching a new act, the tutorial program. Now, almost any student who seeks help can secure the services of a tutor.

January is the date for the big opening this year. At that time, the new members will be inducted and become part of this select family.

Arista

Honor School

THE HONOR SCHOOL

Under the Big Top of Evander Childs circus is the side show of the Honor School clowns. This collection of circus characters is the scholastically superior group of beings who rate the nominal distinction of clown rather than animal. These clowns romp it over on us animals with their 90 averages and excellent citizenship marks. Now-a-days the animals under the Big Top with 85 averages are made part clowns. They are in the side show too, with clown heads and animal bodies.

Every so often the Master of Ceremonies, Mr. Josephs, calls a meeting and all the clowns and half-clowns attend. There they discuss places to take our circus, suggest improvements and additions.

Our Evander clowns are special and deserve the college opportunity readily awaiting them, to advance their intellectual development. The Honor School helps our clowns find themselves in preparing for the college circuses which they will join.

PUBLICATIONS

Our Evander publications, the *Evander News*, the *Oriole*, and the *Bridge*, like the barkers at a circus, tell us what is going on.

The *Evander News* informs the school about anything that happened. News about sports, clubs, and colleges, and events is all found in this newspaper. The staff of very capable students is under the supervision of equally capable Mr. Arthur Feinberg.

The Evander N

The seal of Evander Childs High School is circular. It features a central figure of a person in a hat and coat, possibly a barker or a student, holding a sign. The text around the seal reads 'EVANDER CHILDS HIGH SCHOOL' at the top and 'JUNE 30 1913' at the bottom. There is also a small banner with text inside the seal.

E.C.H.S. Gets Double Freshmen Oriented to

By Trudy Sprung

Due to the present overpopulation of Evander, a new system of classes, known by the students as "double session," has been adopted by the school administration this year.

The first to eighth, second to ninth period system was originally devised to alleviate the overcrowding caused by the enlarged incoming class. Approximately three hundred students from junior high schools throughout the city have been admitted to Evander as freshmen, for integration purposes. This enlarged the size of the normal entering freshman class from about one hundred to over four hundred students. Thus, the incoming

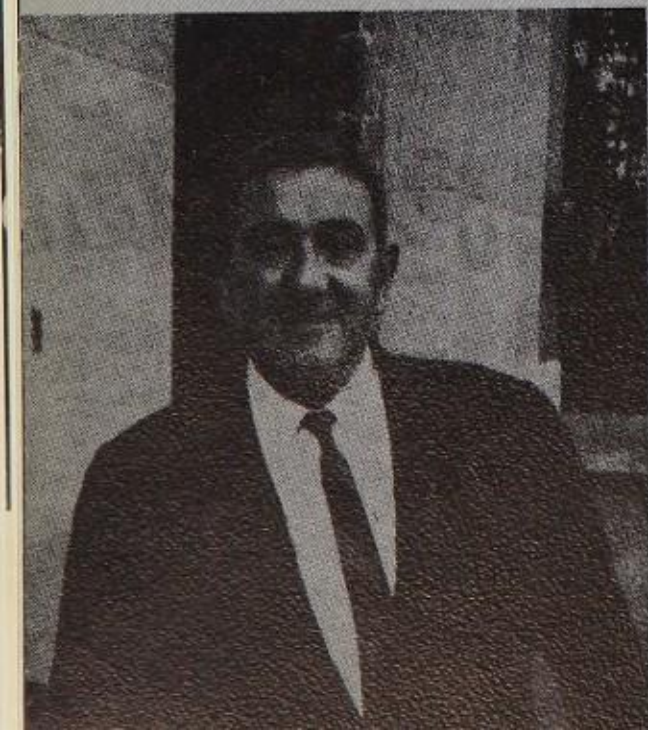

ficial section that is being missed if one is late.

Evander's extra-curricular activities have been scheduled to begin after the eighth period; however, freshmen and sophomores not free at that time are welcome to participate after their ninth period class. The principal encourages all to become active in the many clubs and teams offered at Evander.

Freshmen Receive Orientation

The incoming freshmen were familiarized with this new system at their orientation assembly on September 14. Mr. Weiss has expressed

OUR ENTERTAINERS

Come one! Come all! See the great, daring menagerie acts! Hurry! Hurry! before they begin. The first act of the menagerie brings fear to the hearts of all challengers. This year our soccer "City Champs" are composed of senior roustabouts Frank Garcia, Joe Mannarillo, Frank Milella, Jerry Guastella, Orfeo De Rubeio, Otto Leitner, and Frank Ciocola who are all coached by Mr. Sy Mazarsky. This team seems to get better with every performance; so, hats off to Mr. Mazarsky's booting tigers!

Not so new an act are our perennial Bronx champions, the "Sea Tigers". For many seasons, the Big Top has had the best act in the city circuit. This year's senior seals, directed by Mr. Bob Nolan, are Frank Saccurato, Stuart Lichter, Sidney Brooks, Michael Slater, Neal Serotte, Ronald Scott, Henry Jaccocks, and Robert Brown. A calm ocean of victory awaits the tigers.

Tossing the ball around in one part of this show is the basketball team. All-city champ, Steve Humphrey, leads the team with seniors Gary Henry, Jimmy Neal, Henry Gasper, and Frantz Marriette. With the talent, showmanship, and towel-manship of their coach, Mr. Sy Kalman, the team hopes to produce many more years of winning basketball under the Big Top.

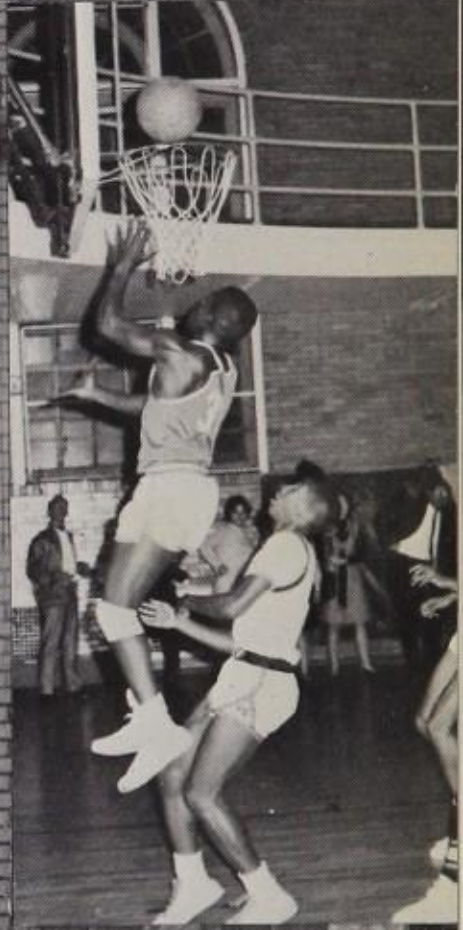

The assistant M.C. of the sports arena, "Duke" Marshall, leads our cross-country sprinters. This year's race horses include Eugene Aiken, Joe Bryant, Louis Correa, Charles Spenser and Howard Westley. In last year's show, the team finished second in their track division and are predicting bigger and better things for this year's finale.

A seasonal act of this circus is the baseball team led by Mr. Ralph Liberti. With seniors George Anderson, Joe Polizzi, Artie Rastelli, José DaCosta and Anival Mendez the team is destined to reach the top.

Practicing jungle marksmanship is the Rifle Team, coached by Miss Eleanor Dunn. This year's sharp shooters include seniors Bob Krontilik, John Meade, Bernard Katz, Darryl Thornhill, Steve Wozniak and Clarence Garner. Backed by a fine squad this team should shoot ahead. Other acts in the menagerie are the Handball Team with seniors Frank Tabilochi, Joe Miserendino, Paul Goldfinger, Stuart Meyers, and Barry Goldstein, coached by Mr. Edelman; the Tennis Team with senior Joe Lasusa, coached by Mr. Yanella; the Golf Team with seniors Alan Cohen and Howard Blitzstein, coached by Mrs. Newman; and the Bowling Team with seniors Joe Polizzi and David Nager, formally coached by Mr. Frank Tubridy.

Finally we have the acrobats headed by Mr. Lou Spano, among whom are seniors James Silver, Freddy Bydetti, Gordon Williams, Bob Krontilik and Craig Williams. Being physically fit, the Gymnastics Team will reach great heights.

So come one, come all and see the death defying and mysterious acts of the menagerie.
